

Receiver Hitch

Universal

HTH BU KICK

Parts

Hitch Receiver
Hitch Attachment
Pin
(4) 5/16 x 18-2" Bolts
(8) Washers
(4) Nuts

Installation Instructions

1. Locate rear frame on cart; use a jack to elevate rear of cart
2. Center hitch underneath step plate. Note: Rear bracket will be between step plate and bag well.
3. Use hitch as template and mark holes. (See Figure 1) NOTE: On some models, removing footplate to mark and attach hitch may be necessary.
4. Remove hitch and drill (2) 3/8" holes in front edge and (2) 3/8" holes in rear edge of step plate. Note: Rear holes need to be drilled all the way through to the inside edge of bag well.
5. Mount hitch using included hardware.
